

BOSaNOVA Announces Partnership with Raz-Lee Security

Phoenix, AZ – February 26, 2007 – BOSaNOVA, Inc., the market leader in development of Security Solutions, Thin Clients and Network Appliances today announced its partnership with Raz-Lee Security, a leading vendor of security solutions for the IBM System i. BOSaNOVA will distribute and support Raz-Lee's iSecurity Software Suite.

This partnership comes during a time of expansion at BOSaNOVA. BOSaNOVA recently announced the addition of their new Security Solutions Group which will include the Raz-Lee iSecurity Suite and the new Q³ – Storage Security Encryption Appliance. The BOSaNOVA Security Solutions Group is head up by Mike Campbell, who was recently hired as the Director of Security Solutions. Mike joins BOSaNOVA with over 20 years experience in the iSeries marketplace.

iSecurity is a fully integrated, state-of-the-art security solution for the System i. Eli Spitz, Vice President of Business Development at Raz-Lee, pointed out the win-win aspects of this partnership. "I am confident that BOSaNOVA's excellent marketing and support capabilities, coupled with the most comprehensive System i security product on the market, will greatly benefit our joint customers by efficiently securing their system, assisting them in attaining SOX/HIPAA/... compliance, and satisfying auditor's ever-increasing demands."

"BOSaNOVA is pleased to partner with the System i security leader, Raz-Lee Security, and excited to add iSecurity to our new Security Solutions Group," says Mike Campbell, Director of Security Solutions, BOSaNOVA. "iSecurity is a high quality, comprehensive end-to-end security solution and this partnership is a perfect fit because both companies are committed to providing top-notch solutions and support for the System i community."

iSecurity is available for purchase through BOSaNOVA's resellers. For sales information contact BOSaNOVA, Inc. toll-free at (866) 865-5250, or send an e-mail to sales@bosanova.net.
