

## **New! Raz-Lee Security Subsidiary in Germany Aids Regional Users in Achieving Security & Compliance**

**Roedental, Germany** – June 2, 2011 - [Raz-Lee Security](#), the international provider of IBM i security, auditing and compliance solutions with offices in the United States, Italy and Israel, recently established Raz-Lee Security GmbH with headquarters in Roedental, Germany.

Robert Engel, CEO of the new Raz-Lee Security GmbH said: "Raz-Lee Security GmbH was established in order to provide German-speaking Power i users with Raz-Lee's superior security, auditing and compliance solutions. We are offering a FREE PC-based Assessment program for in-depth security analysis of the IBM i, pinpointing security risks which should be addressed. Robert Engel has 15 years of direct experience with Raz-Lee's products and deep "hands on" experience in the field of IBM i Security, both of which ensure a high, professional level of services and consulting to all customers.

Eli Spitz, VP Business Development at Raz-Lee Security added: "Based upon a recent survey by Symantec, Raz-Lee Security potentially saves SMBs an average of \$188,242 per year from cyber attacks. Raz-Lee Security GmbH will offer superior security & compliance solutions and local customer service to existing and future clients in Germany, Austria and other German-speaking areas."

### **About Raz-Lee Security Inc. and iSecurity**

Raz-Lee Security sells comprehensive IT solutions for security, auditing and compliance (SOX, PCI, HIPAA, etc.) to IBM i-based companies around the world. Among Raz-Lee's customers are companies of all sizes, from SMBs to enterprises with more than 100 systems, in all vertical markets and industries. Financial institutions such as banks, insurance companies,... are especially well represented amongst Raz-Lee's clientele.
