FOR IMMEDIATE RELEASE

Raz-Lee Security Inc. and VAI (Vormittag Associates Inc.) Announce IBM iSeries iSecurity Reseller Partnership

NANUET, NEW YORK, USA; RONKONKOMA, NEW YORK, USA (December 5, 2006) Raz-Lee Security Inc., a leading vendor of security solutions for the IBM iSeries, and VAI, an IBM Premier Business Partner providing flexible software solutions combined with an array of advanced applications, announce the formation of a reseller partnership between the two companies to market Raz-Lee's iSecurity software.

"We are extremely pleased to sign this agreement with Vormittag because of their reputation as an international software organization whose products are recognized worldwide as premier solutions for a variety of industries. Indeed, we believe that VAI and Raz-Lee will succeed in obtaining many joint customers, both from VAI's current iSeries installed base, as well as from new companies looking for a state-of-the-art security solution for the iSeries", says Shmuel Zailer, Chief Executive Officer of Raz-Lee Security.

Dan Bivona, Director of Sales, VAI. adds, "We look forward to our partnership with Raz-Lee in making available state of the art security solutions to our existing and future customers. The Raz-lee products along with the IBM iSeries solution will ensure that customers will be compliant with Sarbanes-Oxley (SOX)".

About Raz-Lee Security, Inc.
Headquartered in Nanuet, New York, Raz-Lee Security Inc. is the leading security solution provider for the IBM iSeries (AS/400). Drawing upon over 20 years of standard and mission-critical installation experience, Raz-Lee has leveraged vast expertise in the AS/400 Performance and Optimization Market to design, develop and market comprehensive security solutions.

The broad scope of this experience gives Raz-Lee the insight required to develop, deploy and maintain products and solutions to assure end-to-end security for every iSeries configuration and application.
